

Welcome to the realm of Pigtronix!

Your new Class A Boost Micro pedal is a discreet, transistor-based analog signal booster. This J-FET masterpiece is able to accept instrument or line-level signals and boost up to 20db without clipping. The Class A Boost Micro has a warm, clear sound with linear frequency response so that the tone of your instrument remains true as it gets louder.

EXPLANATION OF THE CONTROLS

The Class A Boost will impart definition and clarity to clean sounds and will increase the power and impact of distortion tones for both lead and rhythm work. Since this pedal plays nice with all types of distortion devices, make sure to try playing it both before and after your other gain boxes to hear which setup provides the most satisfying experience.

POWER

The Class A Boost Micro requires a negative tip, DC power supply anywhere from 9 – 18V. Higher voltage will result in more headroom. The Class A Booth Micro does not take batteries. The current consumption is under 20mA.

Your Pigtronix effect pedal comes with a 1 year limited warranty on parts and workmanship. During the warranty period we will repair or replace, at our option, defective parts or pedals free of charge, and return them to the owner. Warranty service does not include damaged, modified, or misused pedals and such pedals will be subject to a standard repair charge.

What we will not do: Pay for shipping or transportation charges from you to us, or pay for any international shipping charges.

What you must do: First, contact us directly via email and describe the problem to us. If the problem cannot be resolved we will have you send your pedal directly to us for servicing

How to contact us for warranty service:

Email: tech@pigtronix.com

Phone: 917-941-2861

Warranty Limitations: This warranty does not cover defects resulting from improper or unreasonable use, accident, unauthorized tampering or modifications; and, warranty shall be considered void if chassis has been opened.

To validate your 1-year, limited warranty, please register your Philosopher's Tone Micro, within 30 days of purchase, on the web at:
